October 2017

Dear friends,

Today as I write this the news is full of another mass shooting in the USA, it's been a year that has seen many people unexpectedly lose their lives and suddenly find themselves standing before God sooner than anticipated. None of us know when our time is at an end, some of us get to live to 'a ripe old age' and others 'die in their prime'. All of us have a responsibility before God to live to make each day worthwhile and each day count. Seeking first the

2017 - 2018 For the remainder of this year and throughout 2018 we will be continuing with our aim of placing posters in towns and cities around the country where other religions have a strong presence. We want to be a voice for Jesus in places where there is an interest in the spiritual but where it is focused in the wrong direction. Christians often find reaching out to people of other religions daunting and difficult, resulting in there being many people in the UK who never hear what the Bible says about Jesus. Through posters in buses we can invite people to consider Jesus as they sit looking around, trying to avoid eye contact with those travelling with them!

By the end of 2017 we will have placed 2,300 posters in buses this year and with your help our

Kingdom of God and His righteousness every day that He has given us to live here.

What are you doing today to make your life count in God's big picture? - What is your focus today? Who are you able to represent Jesus to? Are you doing something that will help those with no interest in Jesus, think about Him today? It's not just being shot, bombed, run down by a van or killed with a knife, there are many everyday accidents that any of us could face - but for those of us that know Jesus, that time will be the beginning of living and not the end. The start of the journey, the end of the trailer and the beginning of the main show. For us the end of all pain and suffering, the beginning of joy everlasting - but that's not the reality for most people!

aim to place a similar number in 2018. We have a special sponsorship rate for posters in Birmingham, Cardiff, London, Luton, Manchester, Sheffield, Slough, Blackburn, Bradford, Croydon, Leicester and Glasgow. A gift of £10 will place one of our posters in a bus in one of these cities for at least 4 weeks! (we know some posters stay up for months, a few of them years!). A sponsorship of £120 would place a poster in all 12 of our chosen cities.

We are pleased to enclose a copy of Gospel Cards Christmas catalogue. If you order from them and state "yGod?" we will receive a donation from each sale. Thank you, if you did this last year as it enabled us to put extra posters up in buses!

Please continue to pray for us *Matt*

To support this work please make your cheque payable to yGod? and send it to the above address
