Dear friends,

Winter 2023

This year has been very encouraging for MEMO, but we'd like you to join us in making 2024 even better!

At the end of October 2023 God's Word had been seen on Facebook and Instagram over 2 million times through the work of MEMO. But will you join us in 2024 to pray that more people than ever before will respond to God's Word when they read it by clicking the advert they see to take them to find help and hope through live chatting with one of the volunteers at Chatnow.org.

In 2024 we plan to email a regular update to those who would like to pray with us that God's Word would impact more people in the UK in 2024. If you would like to receive these email updates then please send a quick email to office@me-mo.org saying "please keep me informed so I can pray for MEMO". Thank you for standing with us.

How many clicked to go to chatnow.org?

In 2022 - 39 people per £10

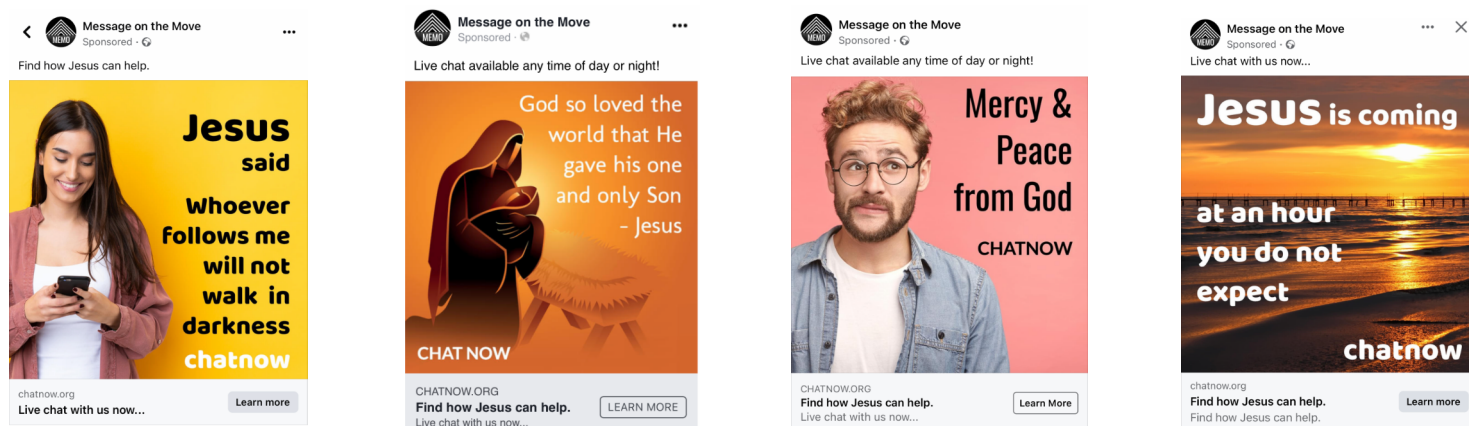

In 2023 - 61 people per £10

This is amazingly good value UK evangelism! But we are praying the Lord would make the money we spend on social media advertising in 2024 have an even bigger impact.

Will you pray that people click to chat?

There are so many people who need to find the hope and peace of Jesus - like this person who did click to chat: *Can I be honest with you... One of the main reasons I came to talk, especially onto this Christian website is because I have always, ever since I can remember, a feeling of being scared of death. From a young age I can remember crying thinking I don't want to die, most kids grow out of it, but for me it's only become worse and worse, the point is now - I feel like it has caused me to develop anxiety and worsened my stress, I went to a Christian primary school and Sunday school for a while however things in my family happened and I got lost.*

Our plan for 2024 is to continue to purchase advertising space each month on Facebook and Instagram where we will place eye catching images to attract people to read God's Word, with an encouragement alongside to find how Jesus can help by clicking on the image to Chatnow at any time of day or night. Thank you to you all for partnering with us in many different way to bring God's Word to people scrolling through social media. Without you telling others and praying and giving we couldn't continue to make the impact we do. There will be so much darkness online in 2024 please continue to help us bring God's light and hope in a needy place to a broken world.

To partner with us and make the most of this opportunity, please make your cheque payable to MEMO
